

Prewriting and Organization

Background:

We use a variety of web and paper tools to support writers as they contemplate the best way to organize their pieces. Foldables are particularly useful for drafting because they allow writers to lift, shift, and replace their thinking as they go. This reinforces the importance of revision and also makes it an easier reality.

How We Used the Work Included in this Center:

The foldables shared here were used by writers as they began researching and drafting pieces relevant to service organizations in their community. They made use of the Big 6 Research Process, and the rubric provided guided their planning, self-assessment, and work.

Think and Ink:

How do you help writers organize their writing?

Please reflect and share on the Think and Ink sheet provided.
